

# Brockton Public Schools School Committee Policy

---

## GOALS FOR STUDENTS

*The Brockton Public School System:*

- Provides an educational program that is reflective of state and national initiatives and standards.
- Provides adequate opportunities and resources to promote success on state assessments.
- Provides sufficient resources to ensure equal educational opportunities for mastery of skills and concepts at the highest possible level.
- Provides all students opportunities and resources necessary to stimulate creativity, problem solving and decision-making using emerging technologies.
- Equips students with skills, experiences and guidance to assist them in future education and career planning.
- Creates a learning environment that models and reflects understanding and appreciation of all cultures.
- Promotes practices that foster fairness and mutual respect.
- Develops and strengthens civic, patriotic and social responsibilities and encourages active involvement in the community.
- Creates an environment that fosters a sense of self-esteem.
- Promotes positive health and safety practices that foster lifelong well-being.
- Provides a safe and healthy environment
- Acknowledges students for outstanding achievements
