

# B.P.S. PARENT INVOLVEMENT PROGRAM

## **WHAT IS A PARENT LIAISON?**

A parent liaison is a person who works to bridge the communication between the home, school and community by assisting parents in getting the information, help and support they need to ensure their child's academic and social success in school.

Parent liaisons want to be sure that you understand what you can do to get involved, keep informed, share information and help your child do his/her best.

Good communication between home and school is such a vital part of your child's academic success!
